All charges are true and correct as of the publication of this addendum, and apply only to new or re-enrolling applicants after the publication date of the addendum. (Any changes in charges do not affect continuing students who remain continuously enrolled). Before enrolling, please check with the PTT Admissions Office to ensure you have the most current version of the Catalog Addendum.

Change to Catalog – Admission Requirements: Certain Admission Requirements have been changed, including the removal of the driver license requirement for the Automotive Technology and Repair Program. Please see the Admissions Office for details.

Catalog Addendum #2016A (April 2016) This Catalog Addendum is effective for class start dates beginning on or after January 1, 2016, and expires upon publication of the subsequent version. The Tuition and Fee information effective upon a student's enrollment remains in effect for that student provided he/she remains continuously enrolled. Check with the PTT Admissions Office to ensure you have the most current version of the Catalog Addendum.
